

Emergency Notification System

Current Status:

Normal

If you need to report an on-campus emergency, call 911 or Campus Police at 601.643.8351.

Should an emergency occur, specific information will be posted here.

The Wolf Alert is the college's emergency alert and notification system. Wolf Alert delivers rapid, multi-platform messages in the event of an emergency to students, faculty members, and staff. This is the best source for timely information and instruction on what to do in the event of any campus emergency such as severe weather, power outages, criminal activity, threats, or other emergency situations.

Each student, faculty and staff member will receive an email with a user identification, password, and step-by-step instructions on how to register. Be assured that all contact information you provide is kept confidential, safe, and secure, and will never be used for any purpose beyond what you have authorized. Your information is for the official use of Copenhagen-Lincoln Community College's emergency alert system only and is never shared with any third parties. Students use your StudentID and pin to logon. Faculty/Staff use your network logon and password.
