FAQs

What is Medical Laboratory Technology?

The Medical Laboratory Technology program is designed to instruct students in the theoretical and practical skills required for the entry level practice of clinical laboratory science.

The curriculum includes technical and academic courses taken on campus and 24 weeks of clinical instruction and skill development in an affiliated hospital. Upon successful completion of the technical program, the student will be awarded an Associate in Applied Science degree in Medical Laboratory Technology and will be eligible to take a National Certification examination.

The Medical Laboratory Technology program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences, 5600 N. River Road, Suite 720, Rosemont, Illinois, 60018, Phone: 773.714.8880 Email: info@naacsls.org Website: <http://www.naacls.org>

How do I get an MLT application packet?

Application information and the on-line application with accompanying forms are available on the web at <https://www.colin.edu/majors-programs/career-technical/health-sciences/medical-laboratory-technology/> or may be obtained from the counseling center (601-643-8490) or from the MLT department (601-643-8391 or 601-643-8395).

When does the MLT program accept new students?

MLT enrolls students in the spring and fall semesters.

What if I don't meet the minimum recommended ACT score or have never taken the ACT?

Your first step is to register to take the ACT. For more information or to register, please call the Copiah-Lincoln Community College Counseling Center at:

Wesson: 601-643-8490; **Natchez:** 601-446-1219; **Simpson:** 601-849-0126

What if I am not CPR certified?

Upon acceptance into the program you will need to take CPR certification before classes begin for the semester. You will need a Health Care Provider CPR certificate.

Are there any prerequisite courses for the MLT program? The following courses are **not** prerequisites to entering the program, but will be to your advantage to successfully complete as many as possible prior to the beginning of the selection process.
