What is Pickleball, you may ask? Pickleball is a fast-paced racquet sport that combines elements of tennis, badminton, and table tennis, played on a smaller court with a net. Players use solid paddles to hit a perforated plastic ball over the net, aiming to score points by making the ball land within the opponent's court. The game is known for its accessibility and quick learning curve, making it popular among players of all ages and skill levels.

This class will teach you the basics of the game, including the rules, how to serve, trick shots and more. We have some paddles for your use, or you can bring your own.
